

**Dean's Regulation No. 04/2018,
determining the valid form of affiliation in publications and other outputs
of employees and students of FES CULS Prague**

Due to the fact that the official address of the Czech University of Life Sciences in Prague was changed and in a number of cases the specification of affiliation (affiliation to the organization) for publications and other outputs differs from the current valid form, some outputs are not included in the Faculty's performance. For these reasons, this regulation establishes a valid form of affiliation in Czech and English as follows:

Czech version:

Fakulta životního prostředí, Česká zemědělská univerzita v Praze, Kamýcká 129, Praha – Suchdol, 165 00.

English version:

Faculty of Environmental Sciences, Czech University of Life Sciences Prague, Kamýcká 129, Praha – Suchdol, 165 00, Czech Republic (or Czechia).

In both cases, it is possible to add to the affiliation the name of the department, and in some cases, there may be different requirements of the publisher for providing the exact address, etc. However, the name of the university and the faculty must not be missing. Cases where from 2018 (with the exception of publications that are already in print as of today's date) affiliation is not specified in the aforementioned form shall not be included in the performance of departments or individuals, and will therefore not be taken into account in the financial evaluation of results.

This Regulation enters into force on 10. 3. 2018 and cancels the Dean's Regulation No. 06/2009.

In Prague on 10. 3. 2018

prof. RNDr. Vladimír Bejček, CSc.
Dean of FES CULS Prague
